Drug Formulary

For 2015

Introduction

Our formulary is a list of all the drugs that Trillium Community Health Plan (Trillium) covers for you. By creating this drug list, Trillium promotes the use of safe, effective, and affordable medications.

Our formulary list contains both brand and generic drugs. Trillium has placed every drug we cover in one of five cost-sharing tiers. In most cases, the higher the cost-sharing tier, the higher the cost you must pay when picking up your prescription at the pharmacy:

- Cost-sharing tier 1 includes preferred generics. Drugs in this cost-sharing tier will cost you the least.
- Cost-sharing tier 2 includes preferred brand drugs.
- Cost-sharing tier 3 includes non-preferred brand drugs and non-preferred generic drugs.
- Cost-sharing tier 4 includes specialty drugs. Drugs in this cost-sharing tier will cost you the most.
- Cost-sharing tier 5 includes drugs used for preventative health. Trillium makes drugs in this cost-sharing tier available to you at no cost.

In addition, some drugs have restrictions such as requiring prior approval, step therapy or quantity limits.

We will not exclude coverage of a prescription medication for a particular indication solely on the grounds that the indication has not been approved by the United States Food and Drug Administration, if the Oregon Health Resources Commission determines that the medication is recognized as effective for the treatment of that indication.

Trillium uses a group of physicians and pharmacists to determine what drugs go on the drug list. We call this group of physicians and pharmacists the Pharmacy and Therapeutics (P&T) Committee.

How to Use this Drug Formulary

The drug list starts on page 8. Trillium sorts the drug list by therapeutic groups. We list similar drugs in each group. Unless Trillium notes an exception, we generally cover all available dosage forms and dosage strengths for a medication. If there are any limits on how Trillium covers a drug, we note this restriction next to the drug entry.

How to Fill Your Prescriptions

If your doctor or other prescriber writes you a prescription for a drug, bring that copy to your pharmacy. See Trillium's Pharmacy Directory for a list of pharmacies in our network. Many doctors or prescribers send your prescription electronically to a pharmacy. Be sure to tell your doctor or prescriber the name of your pharmacy. When you go to the pharmacy to pick up your medication, be sure to show your Trillium Plan ID card.

Trillium allows you to pick up a 31 day supply, or less each month at your local pharmacy. Trillium also allows you to pick up an extended day supply at your local pharmacy for chronic medications. Chronic medications are those that you use every month continuously. Trillium allows up to a 90-day fill for an extended day supply. Your cost share will be calculated according to each month. For example, if you pay $10 for one month supply (31 days), you will pay $30 for 90-day supply.

If your doctor or other prescriber wants you to continue taking a drug, you must go back to the pharmacy to pick up the next month's supply. We call this a refill of your medication. You may pick up a refill after 75% of your day supply is gone. For a 31-day supply, this is after 23 days from your original fill date.

Generic Medications

The U.S. Food and Drug Administration (FDA) require a generic drug to meet standards that make sure it is the same basic product as the brand name drug. That means the generic drug is safe. You can take a generic drug the same way as a brand-name drug and for the same reason. Generally, when a generic drug is available, you can save money by choosing the generic product.

Are There Any Restrictions on My Drug Coverage?

Some drugs in the formulary may have limits on coverage. These limits may include:

- **Prior Authorization:** Our plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from our plan before you fill your prescriptions. If you don't get approval, our plan may not pay for the drug.

- **Step Therapy:** In some cases, our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, our plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, our plan will then cover Drug B.

- **Quantity Limits:** For certain drugs, our plan limits the amount of the drug that the plan will pay for at any one time. These limits are usually for safety concerns.

Extended Day Supply
This plan offers you an extended day supply option. You may request from your doctor or other prescriber or pharmacy up to a 90 day supply with one fill. Your copay for a 90 day supply will be equal to the copay for a one-month supply multiplied by three (3).

Prior Authorization Process
If your drug requires prior approval, your doctor or other prescriber will need to send us information about why you need this drug. This is called a prior approval request. Trillium will review your prior approval request using our criteria. If your request meets our criteria, we will approve the coverage of that drug. Trillium will notify your doctor or other prescriber of our approval decision. If we deny your prior approval request, we will tell you and your doctor the denial reason. We will send you a written explanation of the denial reason and what your next steps are.

If you or your doctor disagrees with this decision, you may ask for another review called an appeal, or request a hearing or both. You or your doctor will need to tell us why you disagree with the decision. Call Trillium Member Services for help with the appeal or hearing process.

You should always talk with your doctor or other prescriber about other options to help your condition. Often, there is more than one option to treat a condition.

Exception Request Process
If a drug is not covered in the way you would like it to be covered, you can ask us to make an “exception”. An exception is a type of coverage decision. Exceptions include covering non-formulary drugs, allowing for quantities greater than the limit, or skipping the requirement to try generic drugs first.

When asking for an exception, your doctor or other prescriber will need to explain the medical reasons why you need an exception. If you ask us directly for an exception, Trillium will need to contact your doctor or other prescriber to obtain this information. Once we have the needed information from your doctor or other prescriber, we can review the exception request. Exception requests fall under the same timeline constraints once Trillium receives the supporting statement from the prescriber.

If Trillium denies your exception request, you, or your prescriber, or your appointed representative can appeal the decision. If Trillium approves the exception request, then we will cover the drug going forward, in the manner requested for as long as medically necessary.

Notice
This document contains references to brand-name drugs that are trademarks or registered trademarks of pharmaceutical companies.

The drug formulary is updated frequently and is subject to change. If you do not find your drug listed, Please call our Member Services Department, Monday through Friday, 8:00 a.m. to 5:00 p.m., at 541-431-1950 or toll free at 1-800-3906 or TTY 1-866-279-9750 or you can visit our website for more information and appropriate forms**:** www.trilliumchp.com.

Drug List Descriptions Legend

Code	Description
AGE	Age restrictions
PA	Prior authorization is required before the plan will cover.
QL	A quantity limit applies to prescriptions for this drug.
ST	Step therapy
ER	Extended-Release
SR	Sustained Release

For additional information or to request this information in another language or format, please call Member Services Toll Free 1(800) 910-3906 or TDD/TTY 1(866) 279-9750.

Trillium Member Services is available to answer your call directly 8 a.m. to 5 p.m., Monday through Friday (except on holidays).

Trillium Utilization Management (UM) staff is available to answer calls from 8 a.m. to 5 p.m., Monday through Friday (except holidays). UM staff makes decisions based on insurance coverage and medical need. UM staff can be reached by calling Member Services.

Our automated system is available anytime for self-service options, including after hours, weekends, and holidays. Voice messages are reviewed and responded to within one business day. Member Services also has free language interpreter service available for non-English speakers.
